Lindsey Nelson and Sydney Ehrman

Monday, Wednesday, Friday Afternoon

February 2014

Last month we focused on learning letters in sign language, using new mediums in our artwork, and writing letters. Our students had fun making music with rhythm sticks, talking about the New Year and learning about hibernation.

This month we will be focusing on the theme of friendship and love. We will be singing songs, reading stories, creating art, and learning sign language that reflects our theme.

Show and Tell

- **February 7th – Something that starts with the letter "N"**
- **February 21st – The letter "O"**
- **February 28th – The letter "P"**

Things to Remember this Month:

No School February 14th- Teacher Work Day
No School February 17th- Presidents Day

**Parent teacher Conferences are Tuesday, February 25th between 12pm to 3:50pm and Wednesday, February 26th between 12:15pm to 2:45pm.

**We will be celebrating Valentines on Wednesday, February 12th due to no school on Friday, February 14th.

**Please remember that if it is above 32 degrees out, we will go outside. Please bring appropriate clothes and footwear.

Health Tips:

Trying foods that are high in magnesium have benefits such as reducing muscle tension and improving sleep. Some foods that are higher in magnesium include: Beans and nuts, Whole grains like brown rice, and green leafy vegetables.

Tips for Valentines:

You can have your child make their own cards to hand out to classmates or let them pick out some at the store. This promotes creativity and helps students express their individuality. Also, each child will be making their own Valentine bag or box on Monday, February 10th in class so on that Wednesday the children can pass out the ones they brought.

Our Favorite Classroom Moments:

- being silly at snack time
- working together on puzzles
- getting creative with art time
- making predictions in science
