April Newsletter

Your children had a blast practicing their rhyming, letter sounds, pattern making and much more during our Dr. Seuss celebration in March.

They also displayed their brave pallets as all tried and many enjoyed our green spaghetti! Thank you for all who donated our ingredients.

Ask your child to share a knock, knock joke with you…they love practicing and giggling☺

Congratulations to the Adams Family!
They welcomed a new baby girl to their family.
Harper Mae was born on March 8th.

As we *Spring* ahead, we will be discovering spring animals, enjoying the nice weather and going on nature walks to our outdoor classroom.

April's Healthy Tip:

Laugh a little☺

Laughing for 10 to 15 minutes can increase energy, increase heart rate, and even burn calories!

As the weather starts to get warmer, remember to drink plenty of water and apply sunscreen!
Don't forget to bring those handy water bottles to school every day!
