What a wonderful first full month we have had in class! We have been very busy learning about how to be a good friend, about our families and our feelings.

We have made art by blowing bubbles, rolling golf balls in paint and creating shiny rainbow fish. The children have been practicing writing their names and hearing sounds. They have done a great job taking turns and practicing patience during show and tell time. We have also discovered many cool things about science as we mixed baking soda and vinegar and tested items in water playing a "sink or float" game.

One way you may be able to learn a lot about your child's day is to ask them what new word they learned!

Last week we had our first "Conglomeration" time! This is our morning meeting time where we are building community in our classroom by doing some activities together. We have made art together, made play dough together and had a time to compliment each other.

We also celebrated Emiliana's birthday with fun fruit shapes and a very funny book, "Goldilocks and The Three Dinosaurs."

We will be expanding our imagination with a month long theme of dressing up for Show & Tell this October.

For the week of October 28th, we will be changing our regular Show & Tell day from Friday, November 1st, to Wednesday, October 30th. This will allow us to share for dress up day. Please remember to encourage role playing and imagination at the same time keeping preschool safety in mind, avoiding masks, weapons or scary characters.

October's Healthy Tip:

Try a new fruit or vegetable, there are a lot of orange foods available this time of year! Let your child help you pick out one new item at the grocery store and even help you prepare it at home!
