

***JUMPBUNCH SPORTS & FITNESS FOR PARENT-TOT
15-36 MONTHS**

This program introduces toddlers to a wide range of sports and fitness activities while

developing their fine/gross motor skills, coordination, balance and so much more! Each week, we will introduce the children to a different sport or fitness activity and allow them to interact with all the equipment so they get a great hands-on experience! This class is great for the busy parent who is looking to spend some quality time with their child, as well as, the stay-at-home parent who wants to get their child out of the house and into an educational, social environment.

***JUMPBUNCH SPORTS & FITNESS FOR PRESCHOOLERS
3-6 YRS**

This program gives preschool children a hands-on, age-appropriate introduction to a wide range of sports in a fun, safe, non-competitive environment. We are not trying to create athletic "stars". Our goal is to provide a friendly introduction to sports while building coordination, self-esteem and encouraging healthy habits early. JumpBunch uses an approach that integrates the physical and mental aspects of each lesson; children have a chance to see, touch and experience each sport. Each week we teach a different sport or fitness activity activity! This summer we will learn football, basketball, hockey, soccer, track and field, and many others!

***JUMPBUNCH - SPORTS & FITNESS FOR SCHOOL AGERS
5-11 YRS**

Inspired by NBC's hit TV show "Minute to Win It," students will participate individually, in pairs or in teams, in a series of 60-second challenges designed to encourage growth in critical thinking, ingenuity, and teamwork, as well as, fine and gross motor skills, balance, agility and timing. These games are created with school agers in mind, and provide your kids plenty of opportunities to succeed and improve their skills over time. And the best part, these challenges are outrageously fun! We have over 50 challenges for the kids and will complete 3-5 of them per/class.
