1290 S. Public Road, Lafayette, Colorado 80026

303-665-5588 \* Fax 303-665-2153  
Email: [planning@cityoflafayette.com](mailto:planning@cityoflafayette.com)

**Exhibit C**

**Development Impact Fees and Exactions  
(Charged at Time of Subdivision Approval)**

**Water Rights Dedication**

The dedication of water rights occurs with the platting of residential properties based on predetermined projected uses. For non-residential uses water rights are either dedicated at the time of platting or can be deferred until the issuance of a building permit. The amount of water rights dedication for non-residential uses is based on a projected annual water use that is dependent on the actual land use.

The cash in-lieu fee is subject to periodically change based on the market value fluctuation of the CBT units. If the projected number of CBT units results in a fraction the total number of CBT units is rounded up to the next whole number.

Along with the dedication of water rights, developments are required to pay a Windy Gap/Northern Integrated Supply Project (NISP) Supplemental Water fee for each acre-foot of water dedicated.

Any development with a projected total annual water use of five (5) acre-feet or more is required to dedicate shares of Colorado Big Thompson (CBT) water units. Developments with a projected total annual water use of less than five (5) acre-feet may pay a cash in-lieu fee, subject to approval by the Director of Public Works.

**Residential Water Rights Dedication**

Single-Family dwelling	0.50 acre-feet per unit
Multi-Family dwellings, including duplexes with outdoor irrigation	0.35 acre-feet per unit
Multi-Family dwellings, including duplexes with no outdoor irrigation	0.25 acre-feet per unit

**Non-residential Water Rights Dedication**

In most non-residential subdivisions the water rights dedication is required at the time of issuance of the building permit. The water right dedication amount is determined based upon the proposed land use and the projected annual water use.

**Windy Gap/Northern Integrated Supply Project (NISP) Supplemental Water Fee**

\$5,021 per acre-foot of dedicated water

**Acre-foot yield per CBT share**

One (1) CBT share yields 0.70 acre-feet of water

**Cash in-lieu fee**

\$18,900 per acre foot plus payment of Windy Gap/NISP Supplemental Water Fee

**Exhibit C Development Impact Fees & Exactions (continued)**

**Stormwater Fee**

Stormwater Utility Enterprise Fee \$0.254 sq. ft. or \$11,079/acre  
 This fee applies to property platted for the first time after April 13, 2007. Properties platted prior to this date are not subject to this fee, but are subject to the Storm Drainage Fee of \$1,300 per dwelling unit or non-residential building, which is charged at the time of the issuance of a building permit.

**Public Land Dedication**

Amount of Public Land dedication 12% of total land area (Non-residential)  
 15% of total land area (Residential)  
 Cash-in-Lieu Fair market value of required dedication

**Visitability Regulations Cash In-Lieu**

	<u>Amount</u>	<u>Unit</u>
Unbuilt visitable dwelling unit	\$5,000.00	Per dwelling unit
Unbuilt visitable model home unit	\$10,000.00	Per model home

**Off Street Parking Requirement Cash In-Lieu**

	<u>Amount</u>	<u>Unit</u>
Parking stall	\$12,000.00	Per parking stall
