‘On The Same Page’ Announces Title for 2018 One-book Program

***Killers of the Flower Moon: The Osage Murders and the Birth of the FBI
by David Grann***

Lafayette, Louisville and Superior Unite for the 8th Annual Community Reading Event

Lafayette, CO — *Killers of the Flower Moon: The Osage Murders and the Birth of the FBI* by David Grann is the title selected for the 8th annual ‘On The Same Page’ (OTSP) community one-book program.

This year’s title, named one of the New York Time’s top ten non-fiction titles in 2017 investigates a series of murders of indigenous Osage people in the early 1920s—after oil deposits were discovered beneath their land.

For the 8th consecutive year, Lafayette, Louisville, and Superior residents will be participating in “On The Same Page”, a community-wide reading program that encourages literacy and asks the question, What would happen if everyone read the same book at the same time?

The Lafayette and Louisville libraries have purchased more than 100 paperback copies of this book. Book club sets with multiple copies of the title, digital downloads and audio versions are also available. Beginning in September, ‘On The Same Page’ will offer book discussions and a related production by Stories on Stage on September 27 at the Louisville Center for the Arts.
